Federal Direct Parent PLUS Loan Instructions

If all documents are not received in a timely manner, then your credit check may expire

The Federal Direct Parent PLUS loan is a loan available for the parents of dependent students. PLUS Loans help pay for education expenses up to the cost of attendance minus all other financial assistance. Interest is charged during all periods, at a fixed interest rate of 7.08%. The Federal Government also charges an origination fee of 4.248% of the amount of the total loan. (Take this into consideration when determining the amount to borrow).

If you check that you want to borrow the “Maximum Amount,” this figure will include funds for books, supplies, miscellaneous, and transportation (if commuter), which will probably cause a credit balance to your account each semester. For the exact amount required to cover your balance, take the figure of the balance due after pending aid on your bill and add 4.248% (estimated) to cover the origination fee that is kept by the Department of Education.

Please note: Only parents (biological or adoptive) and step-parents (who are listed on the FAFSA) of the student can apply for this loan.

1. Go to <https://studentloans.gov>.
2. Click on the green “Sign In” button.
3. Enter parent login information.

If you do not have, or do not remember your FSA ID, please visit <https://fsaid.ed.gov>. If the parent who is applying for the PLUS loan is different from the parent who signed the FAFSA with the student, that parent will need to apply for an FSA ID.

4. After signing in, verify that the personal information matches the parent who is applying for the PLUS loan.
5. Click on “Request a Direct PLUS Loan for Parents.”
6. Fill in all information, click on “Continue.”

Watch the dates you put for the academic period. For the fall semester only choose September 2020 through December 2020. For the whole academic year, choose September 2020 through May 2021.

7. Enter student information, deferment option, school information and amount, click on “Continue.”
8. Review all the information and submit the application.

After clicking “Submit,” you will be brought to a screen that will tell you immediately if you have been approved or not. If the credit check is approved, please see reverse to complete the PLUS Master Promissory Note. The award will not be paid to the student’s account until the MPN is received.

If the credit check is denied, then you may be able to appeal the decision with the Department of Education, or obtain an endorser if you still wish to borrow the loan. Otherwise, an additional \$4,000 (\$5,000 if the student has earned more than 60 credits) can be added to the student’s Federal Direct Unsubsidized Stafford Loan.
